With reference to your letter No L 1435/M1 55-42-20 dated 27th September 1942 requesting for a medical certificate to prove that the official is physically incapacitated for further service, I have the honour to state that recommendation for retirement under Article 311 Mysore Service Regulations, was made in this office letter No A - 69 dated 2nd August 1942 on the opinion of the President, Mandya Municipal Council that his retirement is in the interest of public service

The President, Mandya Municipal Council has since stated in his forwarding Memo No O C 111 dated 23rd September 1942 on the application of the Sanitary Inspector for retension in service that the previous recommendation was not based on any medical opinion and that as the District Medical Officer has recently opined that the official is in a fit condition to be continued in service, the previous recommendation regarding his retirement may be treated as withdrawn and he may be allowed to rejoin duty The application of the Sanitary Inspector with the above Memo of the President and the letter dated 8th September 1942 of the District Medical Officer, Mandya, certifying that the official is fit for duty are enclosed herewith in original for the information of Government

Sir,

I most respectfully beg to bring the following few lines to your kind consideration

1) That during February 1942 I had an attack of dysentery and weakness for some time, which I felt would not allow me to continue in service, and hence I applied for retirement to the Director of Health, through the President, Town Municipal Council, Kandy, as per article 311 A correction slip of 1 S h

2) That orders were issued that a Medical Certificate be furnished stating that I should complete 25 years of approved service I furnished details of my service and the amount of leave utilized etc and I waited for a requisition to the District Medical Officer for the certificate, which is duly since produced

3) That further orders were issued that retirement could not be considered on the voluntary representation of the Official, and that the Head of the Department should propose the retirement, and consequently the proposal was sent from the Municipality

4) That due to my having recovered from illness and weakness full I have submitted petitions through the president of the Municipality and Health Officer, Kandy, for ~~mailing~~ putting off my retirement for the present, in view of the Medical Certificate, which is duly furnished to the Director of Health

5) That to my misfortune, I have received orders stating that the retirement question cannot be dropped on the ground that the ~~President~~ President of the Town Municipal council, has proposed for my retirement A petition was submitted by me through the president, for kind recommendation for allowing me to complete 30 years of service

6) From the above reasons, it may kindly be perused that on account of temporary illness, I requested for retirement, which I regret very much, especially in view of having regained my health and having

P T O

having a large family including young children, to be maintained in these hard days I therefore humbly request that I may be kindly allowed to complete 30 years of approved service
